Summer Scholarship Opportunities

OAGC Student Scholarship

Twice each year OAGC offers scholarships to K-12 Ohio students for special activities that extend their special talent/interest areas. Deadlines are March 15 for spring applications and October 15 for fall applications. Look for "2007/2008 OAGC Student Scholarship" at:

<http://www.oagc.com/?q=scholarship>

Support for Talented Students Scholarships

Support for Talented Students (STS) is a foundation whose purpose is to provide scholarships to financially needy gifted and talented students in grades 3-11. Scholarships are made available for students who would benefit from enrichment activities not normally provided in schools. Some examples of activities that have been previously funded are math/computer courses, art and music instructional programs, science and engineering camps, and special academic summer programs.

For students in grades 3-11, all three pages must be completed and postmarked by March 21, 2008. Notification will occur after April 21, 2008.

I Know I Can Summer Scholars

I KNOW I CAN's Summer Scholars program provides Columbus City School District students the opportunity to spend a summer of learning and discovery on a college campus. Summer Scholar participants are identified with the help of guidance counselors and classroom teachers. Students are selected for talent in a specific area as well as high achievement across all curriculum areas. Financial assistance and application fee waivers are available. Preference for grants is given to students whose family incomes would preclude their attendance at such institutions. Applicants must be current students in the Columbus City School District having completed grades 7, 8, 9, 10, 11, or 12. The maximum Summer Scholars award will be \$650*.

Deadline: April

Jack Kent Cooke Foundation Young Scholar Program Scholarship

The Jack Kent Cooke Foundation is offering outstanding 7th grade students the opportunity to apply for their Young Scholars Program. The Foundation provides exceptional students with individualized educational guidance and educational services, which could include tutors, summer programs, on-line classes, computers, and tuition throughout high school. Application are available on the Foundation's website at www.jackkentcookefoundation.org. Candidates must submit their completed application, with all materials specified in the program guidelines, by the receipt deadline of the first Monday in May. If you have questions regarding the Young Scholars Program, please contact the talent center in your region, as specified here: Northwestern University Center for Talent Development, 1-847-491-3782, ctd@northwestern.edu (for Ohio).

P.A.C.E.

Parents for Academic Challenge and Enrichment

helping our children shine

P. A. C. E. is a volunteer group of parents, guardians, and families of children within the Columbus City Schools (C.C.S.) District. P.A.C.E. was established in the spring of 1995 to work with the administration and staff of the C.C.S. District to promote more challenging academic programs for all children, and provide better opportunities for more than 12,000 children in the district identified as gifted and talented.

P.A.C.E. members learn from other parents and professionals to better meet the specific needs of high ability children, and seek resources necessary to help children reach their full potential.
