Notes: Learn the fundamental skill of the visual arts with Young Rembrandts. Our unique, proven method and step-by-step curriculum foster a wealth of skills such as art vocabulary and history, drawing and art skills, and expanded creativity, imagination and confidence. Students gain art abilities and an academic advantage in the classroom when enrolled in Young Rembrandts classes.

We believe that drawing is the bedrock skill required for future artistic success. We give them skills to express their creativity, and believe that all children can – and should – learn to draw. We provide all materials and teach new lessons in a positive and nurturing environment, which brings out the best in each child. You'll see increased art abilities, learning skills, self-confidence and self-esteem.

Core learning skills:

- Hand writing readiness
- Fine motor skills
- Attention to detail
- Time on task
- Visual/spatial awareness/organizational skills
- Patience, discipline and persistence

Cost: \$90 /wk *Aid?* no

Notes: Successful students have one large thing in common: they either have or know how to use the tools needed to learn. Those connections or tools are the basis for helping smart kids to do well in school. When some or all of these connections are missing or not working, students struggle and sometimes fail in school.

The Big Brain Academy is a summer of individual courses designed to make Great Kids Better Students. Big Brain is not a remedial program, but a summer of leveling the playing field for Bright and Motivated Students.

The classes at Big Brain focus on gaining the tools that students need to be successful, because we know that if a Bright Student didn't get it in class the first or second time presented, there is a connection problem. As parents, teachers, or advocates, we must look at the connections before making the child do hours and hours of "do-overs" or tutoring.

ZooKids is a 3-hour class, once a week for 4 weeks. Cost: members \$85/session, non-members \$95/session.

Summer Experience is designed for students entering grades one through seven. During his or her week of camp, your child will visit all the Zoo's regions and get an in-depth opportunity to learn about our natural world. Each day will include up-close encounters with animal visitors, hands-on projects and interactive activities. Summer Experience is a week-long day camp.

Cost: members \$135/session, non-members \$145/session. Scholarships available for Summer Experience.

Summer (plus) Scholarship Opportunities

OAGC Student Scholarship

Twice each year OAGC offers scholarships to K-12 Ohio students for special activities that extend their special talent/interest areas. Deadlines are March 15 for spring applications and October 15 for fall applications. Look for latest "OAGC Student Scholarship" at:

Support for Talented Students Scholarships

Support for Talented Students (STS) is a foundation whose purpose is to provide scholarships to financially needy gifted and talented students in grades 3-11. Scholarships are made available for students who would benefit from enrichment activities not normally provided in schools. Some examples of activities that have been previously funded are math/computer courses, art and music instructional programs, science and engineering camps, and special academic summer programs. *Though the deadline for this is currently March 1, 2009, you might make a note of it for next year!*

I Know I Can Summer Scholars

I KNOW I CAN's Summer Scholars program provides Columbus City School District students the opportunity to spend a summer of learning and discovery on a college campus. Summer Scholar participants are *identified with the help of guidance counselors and classroom teachers*. Students are selected for talent in a specific area as well as high achievement across all curriculum areas. Financial assistance and application fee waivers are available. Preference for grants is given to students whose family incomes would preclude their attendance at such institutions. Applicants must be current students in the Columbus City School District having completed grades 7, 8, 9, 10, 11, or 12. The maximum Summer Scholars award will be \$650*.

Jack Kent Cooke Foundation Young Scholar Program Scholarship

The Jack Kent Cooke Foundation is offering outstanding 7th grade students the opportunity to apply for their Young Scholars Program. The Foundation provides exceptional students with individualized educational guidance and educational services, which could include tutors, summer programs, on-line classes, computers, and tuition throughout high school. Application are available on the Foundation's website at www.jackkentcookefoundation.org. Candidates must submit their completed application, with all materials specified in the program guidelines, by the receipt deadline of the last Monday in April. If you have questions regarding the Young Scholars Program, please contact the talent center in your region, as specified here: Northwestern University Center for Talent Development, 1-847-491-3782, ctd@northwestern.edu (for Ohio).

P.A.C.E.

Parents for Academic Challenge and Enrichment

helping our children shine

P. A. C. E. is a volunteer group of parents, guardians, and families of children within the Columbus City Schools (C.C.S.) District. P.A.C.E. was established in the spring of 1995 to work with the administration and staff of the C.C.S. District to promote more challenging academic programs for all children, and provide better opportunities for more than 12,000 children in the district identified as gifted and talented.

P.A.C.E. members learn from other parents and professionals to better meet the specific needs of high ability children, and seek resources necessary to help children reach their full potential.
